Vesta Pharmachem (P) Limited

Who we are

VESTA PHARACHEM (P) LTD is a young company founded in the year 2010 and is based in SURAT GUJRAT, India. We are in the business of manufacturing, marketing, distribution and exports of APIs, Intermediates & Finished Formulations. In a very short period VESTA has developed huge acclamations for its work from its esteemed clients. VESTA has successfully established a strong foothold in the Indian as well as overseas market.

Our wide range of activities can be summarized as:

- 1) Contract Manufacturing of a wide range of Finished Formulations
- 2) Exports of Finished Formulations to Semi-Regulated markets globally
- 3) New Product Development - driven by research, using advanced technology, regulatory approvals, quality led manufacturing
- 4) Official marketing partners and supplier of Active Pharma Ingredients for domestic and international market.

Over the course of 15 years since its inception, VESTA has emerged as a pivotal force in the global pharmaceutical industry, offering over 300 products in diverse segments, allowing us to improve the quality of lives of millions.

We at VESTA strive to assure that every dose is safe and effective, free of contamination and defects. We are meticulous about how our products are developed and manufactured and refuse to compromise on excellence.

Our commitment lies in building up affordable quality healthcare, accessible to all.

Our Core

Vesta pharmachem Pvt Ltd is India's leading pharma exporting company. As an ideal pharma export company, we have the following characteristics:

Hi-tech Technology:

- 1** Working with us also provides you with access to cutting-edge technology. Our company invests extensively in research and development, so we have access to the most recent industry breakthroughs. This enables us to the production of high-quality, innovative products that suit the needs of customers.

Good Productivity:

- 2** As the top third-party pharma manufacturers, we keep production costs low while maintaining good sanitation requirements on the site. It aids in the maintenance of high levels of customer satisfaction.

Quality Control Measures:

- 3** The export business cannot function unless quality control measures are implemented at all stages of manufacturing and packaging. As a reputable pharma export company, we have a detailed system in place to monitor manufacturing processes and product quality. It will aid in the early detection of any problems.

Regulatory Knowledge:

- 4** A competent pharma export company must be aware of the varied regulatory requirements in various nations. Because of this we also actively follow these guidelines to maintain a positive reputation among our clients.

Cost-effectiveness:

- 5** It is one of the primary benefits of dealing with our pharmaceutical manufacturing and exporting company in India. The cost of labor and raw materials we used are substantially lower than in other nations, allowing for the production of high-quality pharmaceutical products at a significantly reduced cost. This cost-effectiveness we provide to the client and it allows us also for competitive pricing and higher profit margins.

Shipping Services:

- 6** We are known for providing the fastest and most cost-effective shipping services all over the world. Our company's courier services partners deliver the order to various countries like Africa, UAE, Australia, Philippines, Laos, Cambodia, Thailand, Kenya, Morocco, Vietnam etc. More importantly, we never get even one complaint regarding our shipping services.

Global Presence

VESTA PHARMACHEM has strong international presence with robust network of business partners & marketing offices strategically located across the world.

Over 100 products registered in various countries & 250 + products under registration in Africa, UAE, Australia, Philippines, Laos, Cambodia, Thailand, Kenya, Morocco, Vietnam etc.

We are searching for experienced business partners for distribution and marketing of our manufactured products.

Benefits of Working With Us.

- 1) High quality of medicines
- 2) Fast and timely delivery of orders
- 3) Huge range of products covering every disease
- 4) The ability to resolve your queries through your computer or smartphone via website & mobile application.
- 5) In house IT Support for your online presence. In house Innovation.
- 6) We make sure you have a clear contract with us for your products.
- 7) Our prices are most competitive in comparison to our competitors.

Products Catagory

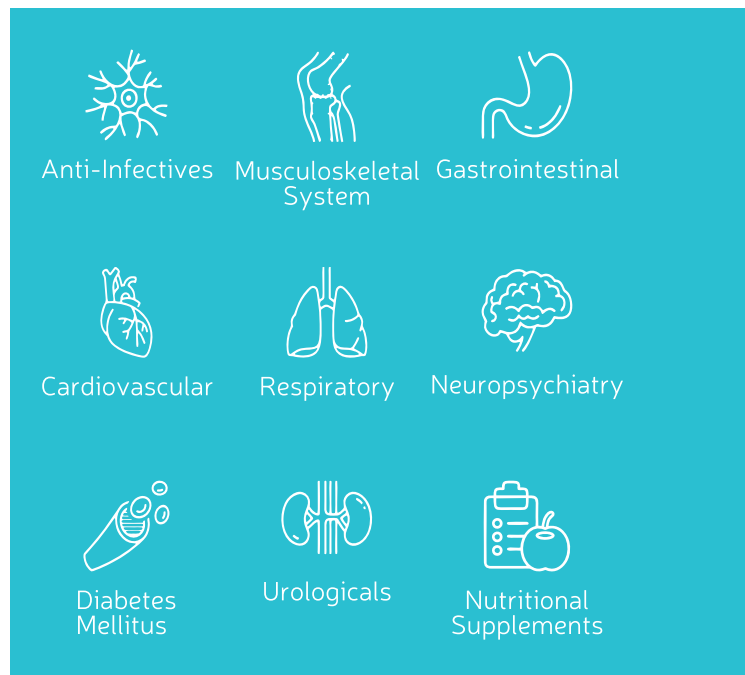

Meeting global medical needs.

We are proud to boost a versatile portfolio of generics, speciality care medicines, and Over-the-Counter products.

Our product portfolio contains leading molecules for the treatment of conditions in the field of anti-invectives, musculoskeletal system, gastrointestinal, cardiovascular, respiratory, neuropsychiatry, diabetes mellitus, urological, nutritional supplements to name a few.

We aspire to innovate a pace with patient's current needs across the globe.

We hold the following licenses to distribute or export products to other nations:

Allopathic Drug | Cosmetics | Nutraceuticals | Herbal | Veterinary
Active Pharmaceutical ingredients (APIs)

Manufacturing

Our technology to your needs

Our manufacturing facility is designed to ensure that the products are consistently manufactured & controlled to the appropriate standards to their intended use and that the products are high quality, efficient and safe for the patient.

With flexible, state-of-the-art & cGMP manufacturing facilities and strong staff expertise across all functions, we are exceptionally equipped to advance your product from lab to market.

Rx Portfolio

Anti-Infectives

Antimycotics

- Fluconazole
 - 50mg; 150mg tablets
- Griseofulvin
 - 500mg tablet
- Itraconazole
 - 100mg; 200mg capsule
- Ketoconazole
 - 200mg tablet
- Nystatin
 - 100,000iu per mL Oral Drops

Macrolides

- Azithromycin
 - 250mg; 500mg tablet
 - 200mg per 5mL suspension
- Clarithromycin
 - 250mg; 500mg tablet
- Erythromycin
 - 250mg; 500mg tablet
 - 125mg; 250mg per 5mL suspension
- Roxithromycin
 - 150mg tablet
 - 100mg per 5mL suspension

Quinolones

- Ciprofloxacin
 - 250mg; 500mg tablet
 - 250 mg per 5mL suspension
- Levofloxacin
 - 500mg tablet
- Moxifloxacin
 - 400mg tablet
- Norfloxacin
 - 400mg tablet
- Ofloxacin
 - 200mg; 400mg tablet
 - 100mg per 5mL suspension

Anti Parasitics

- Albendazole
 - 400mg tablet
 - 200mg per 5mL suspension
- Albendazole /Ivermectin
 - 400mg / 6mg tablet

Antibacterial Combinations

- Ciprofloxacin / Tinidazole
 - 500mg / 600mg tablet
- Levofloxacin / Ornidazole
 - 250mg / 500mg tablet
- Metronidazole / Norfloxacin
 - 500mg / 400mg tablet
 - 100mg / 100mg per 5mL suspension
- Ofloxacin / Ornidazole
 - 200mg / 500mg tablet
 - 50mg / 125mg per 5mL suspension
- Ofloxacin / Metronidazole / Simethicone
 - 50mg / 120mg / 10mg per 5mL suspension

Antimalerials

- Artemether / Lumefantrine
 - 20mg / 120mg; 40mg / 240mg; 80mg / 480mg tablet
 - 20mg / 120mg per 5mL suspension
- Quinine Sulphate
 - 500mg tablet
 - 50mg per 5mL suspension

Sulfonamides

- Co-Trimoxazole (Trimethoprim & Sulfamethoxazole)
 - 80mg / 400mg ; 160mg / 800mg tablet
 - 40mg / 200mg per 5mL suspension

Other Antibacterials

- Linezolid
 - 600mg tablet
- Metronidazole
 - 200mg; 400mg; 500mg tablet
 - 200mg per 5mL suspension
- Tinidazole
 - 500mg tablet

Tetracyclines

- Doxycycline
 - 100mg; 200mg capsule

Helicobacter Pylori

- Lansoprazole / Clarithromycin / Tinidazole
 - 30mg / 250mg / 500mg combikit

Musculoskeletal System

Anti-Inflammatory & Antirheumatics

Aceclofenac
- 100mg tablet
Aceclofenac / Thiocolchicoside
- 100mg / 4mg tablet
Aceclofenac / Serratiopeptidase
- 100mg / 10mg tablet
Diclofenac (Potassium or Sodium)
- 50mg; 100mg tablet
Diclofenac / Paracetamol
- 50mg / 325mg; 50mg / 500mg tablet
Diclofenac / Paracetamol / Chlorzoxazone
- 50mg / 325mg / 250mg tablet
Diclofenac / Paracetamol / Serratiopeptidase
- 50mg / 325mg / 10mg tablet
Diclofenac / Thiocolchicoside
- 50mg / 4mg tablet
Diclofenac / Paracetamol / Cetirizine / Magnesium
- 50mg / 325mg / 5mg / 10mg tablet
Ketorolac
- 100mg tablet
Thiocolchicoside
- 4mg capsule
Etoricoxib
- 60mg; 90mg; 120mg tablet
Etoricoxib / Thiocolchicoside
- 60mg / 4mg tablet
Etoricoxib / Paracetamol
- 60mg / 325mg tablet
Ibuprofen
- 200mg; 400mg; 600mg; 800mg tablet
- 100mg per 5mL suspension
Ibuprofen / Paracetamol
- 400mg / 325mg tablet
- 100mg / 162.5mg per 5mL suspension
Eperisone
- 50mg tablet
Prioxicam
- 20mg tablet

Mefenamic Acid
- 250mg; 500mg tablet
- 100mg per 5mL suspension
Mefenamic Acid / Dicyclomine
- 250mg / 10mg tablet
Mefenamic Acid / Paracetamol
- 500mg / 325mg tablet
- 50mg / 125mg per 5mL suspension
Mefenamic Acid / Tranexamic Acid
- 250mg / 500mg tablet
Naproxen
- 250mg; 500mg tablet
Paracetamol
- 500mg; 1000mg tablet
- 120mg; 250mg per 5mL suspension
- 100mg per mL oral drops
Paracetamol / Caffeine
- 500mg / 30mg; 500mg / 65mg tablet
Paracetamol / Diphenhydramine
- 500mg / 25mg tablet
- 120mg / 12.5mg per 5mL syrup
Paracetamol / Dicyclomine Hydrochloride
- 500mg / 20mg tablet
Paracetamol / Drotaverine
- 500mg / 80mg tablet
Paracetamol / Hyoscine Butylbromide
- 325mg / 10mg tablet
Paracetamol / Diclofenac / Caffeine
- 325mg / 50mg / 30mg; 500mg / 50mg / 30mg tablet
Paracetamol / Ibuprofen / Caffeine
- 325mg / 200mg / 30mg tablet
Serratiopeptidase
- 10mg tablet
Serratiopeptidase / Diclofenac
- 10mg / 50mg tablet

Antigout

Febuxostat
- 40mg; 80mg tablet

Gastrointestinal

Proton Pump Inhibitors

Esomeprazole
- 20mg; 40mg tablet or capsule
Esomeprazole / Domperidone
- 40mg / 30mg capsule
Lansoprazole
- 30mg capsule
Omeprazole
- 20mg; 40mg tablet or capsule
Omeprazole / Domperidone
- 20mg / 10mg tablet or capsule
Pantoprazole
- 20mg tablet
- 40mg tablet or capsule
Pantoprazole / Domperidone
- 40mg / 10mg tablet
- 40mg / 30mg capsule
Pantoprazole / Levosulpride
- 40mg / 75mg capsule
Pantoprazole / Itopride
- 40mg / 150mg capsule

Antidiarrheals & Intestinal Anti-inflammatories

Loperamide
- 2mg tablet or capsule
- 1mg per 5mL syrup

Functional Gastrointestinal Preparations

Domperidone
- 10mg tablet
- 5mg per 5mL suspension
Drotaverine
- 40mg; 80mg tablet
Hyoscine Butylbromide
- 10mg tablet
Metocloperamide
- 10mg tablet
Dicyclomine
- 20mg tablet

Laxatives

Lactulose
- 10gm per 15mL solution
Liquid Paraffin / Milk of Magnesia
- 3.75mL / 11.25mL per 15mL suspension
Liquid Paraffin / Milk of Magnesia / Sodium Picosulphate
- 1.25mL / 3.75mL / 3.33mg per 5mL suspension

Antiemetics & Antinauseants

Ondansetron
- 4mg; 8mg tablet
- 2mg per 5mL syrup

Peptic Ulcer & Gastro-Oesophageal Reflux Preparations

- Sucralfate
 - 1gm tablet
 - 0.5gm per 5 mL suspension
- Sucralfate / Oxetacaine
 - 500mg / 10mg per 5mL suspension

Alimentary Tract & Metabolism

- Ursodeoxycholic Acid
 - 150mg; 300mg tablet
- Silymarin
 - 140mg tablet

Antacids

- Simethicone
 - 20mg per 0.3mL oral drops
- Magaldrate / Simethicone
 - 400mg / 20mg per 5mL suspension
- Oxetacaine / Aluminium Hydroxide / Magnesium Hydroxide
 - 10mg / 291mg / 98mg per 5mL suspension
- Aluminium Hydroxide / Magnesium Trisilicate / Simethicone
 - 250mg / 250mg / 50mg tablet
 - 250mg / 250mg / 25mg per 5mL suspension

Respiratory

Antihistaminics

- Bilastine
 - 20mg; 40mg tablet
 - 2.5mg per mL syrup
- Cetirizine
 - 10mg tablet
 - 5mg per 5mL syrup
- Chlorpheniramine
 - 4mg tablet
 - 2mg; 4mg per 5mL syrup
- Desloratadine
 - 5mg tablet
- Fexofenadine
 - 120mg; 180mg tablet
 - 30mg per 5mL suspension
- Fexofenadine / Montelukast
 - 120mg / 10mg tablet
- Levocetirizine
 - 5mg; 10mg tablet
 - 2.5mg per 5mL syrup
- Levocetirizine / Montelukast
 - 5mg / 10mg tablet
 - 2.5mg / 4mg per 5mL syrup
- Loratadine
 - 10mg tablet
 - 5mg per 5mL syrup
- Carbocysteine
 - 100mg, 250mg per 5mL syrup

Bronchodilators

- Acebrophylline
 - 100mg capsule
- Doxofylline
 - 200mg; 400mg tablet
- Montelukast
 - 10mg tablet
- Salbutamol
 - 2mg; 4mg tablet
 - 2mg per 5mL syrup

Cough and Cold Preparations

- Ambroxol
 - 30mg per 5mL syrup
- Guaiphenesin
 - 200mg; 600mg tablet
 - 100mg per 5mL syrup
- Bromhexine
 - 4mg per 5mL syrup
- Dextromethorphan
 - 7.5mg per 5mL syrup
- Ambroxol / Levosalbutamol / Guaiphenesin
 - 30mg / 1mg / 50mg per 5mL syrup
- Phenylephrine / Chlorpheniramine
 - 2.5mg / 1mg per mL oral drops
- Dextromethorphan / Phenylephrine / Gauifenesin
 - 10mg / 5mg / 200mg per 5mL syrup
- Dextromethorphan / Phenylephrine / Chlorpheniramine
 - 10mg / 5mg / 2mg per 5mL syrup
- Paracetamol / Phenylephrine / Chlorpheniramine
 - 500mg / 10mg / 2mg tablet
 - 125mg / 2.5mg / 1mg per 5mL oral drops
- Paracetamol / Phenylephrine / Chlorpheniramine / Caffeine
 - 500mg / 5mg / 2mg / 65mg tablet
- Paracetamol / Levocetirizine / Ambroxol / Phenylephrine
 - 325mg / 5mg / 30mg / 5mg tablet
- Paracetamol / Ascorbic Acid / Phenylephrine / Chlorpheniramine / Caffeine
 - 500mg / 150mg / 5mg / 2mg / 30mg
- Paracetamol / Dextromethorphan / Guaifenesin / Phenylephrine
 - 325mg / 10mg / 200mg / 5mg tablet
 - 325mg / 10mg / 200mg / 5mg per 15mL syrup
- Paracetamol / Dextromethorphan / Phenylephrine / Chlorpheniramine
 - 325mg / 10mg / 5mg / 2mg tablet
 - 325mg / 10mg / 5mg / 2mg per 10mL syrup

Nutritional Supplements

- Calcium tablet
- Calcium, Magnesium, Zinc & Vitamin D3 tablet or suspension
- Cyproheptadine tablet & syrup
- Cyproheptadine & Tricholine syrup
- Cholecalciferol tablet
- Methylcobalamin tablet
- Ferrous Ascorbate & Folic Acid syrup
- Ferrous Ascorbate, Folic Acid & Zinc tablet

Cardiovascular

ACE Inhibitors

Enalapril
- 2.5mg; 5mg; 10mg tablet

Lisinopril
- 5mg; 10mg tablet

Ramipril
- 2.5mg; 5mg; 10mg tablet

Calcium Antagonists

Amlodipine
- 2.5mg; 5mg; 10mg tablet

Cilnidipine
- 5mg; 10mg, 20mg tablet

Nifedipine
- 10mg; 20mg; 30mg, 60mg tablet

Antihyperlipidemics

Atorvastatin
- 5mg; 10mg; 20mg; 40mg; 80mg tablet

Rosuvastatin
- 5mg; 10mg; 20mg; 40mg tablet

Beta Blockers

Atenolol
- 50mg tablet

Carvedilol
- 3.125mg; 6.25mg; 12.5mg tablet

Metoprolol
- 25mg; 50mg; 100mg tablet

Diuretics

Chlorthalidone
- 6.25mg; 12.5mg tablet

Hydrochlorothiazide
- 12.5mg; 25mg tablet

Angiotensin Receptors

Losartan
- 25mg; 50mg tablet

Telmisartan
- 20mg; 40mg; 80mg tablet

Peripheral Vasodilators

Pentoxifylline
- 400mg tablet

Antiarrhythmics

Amiodarone
- 100mg tablet

Calcium Antagonists & Beta Blockers

Amlodipine / Atenolol
- 5mg / 50mg tablet

Calcium Antagonists & ACE Inhibitors

Amlodipine / Lisinopril
- 5mg / 5mg; 5mg / 10mg; 5mg / 20mg; 10mg / 20mg tablet

Calcium Antagonists & Antihyperlipidemics

Amlodipine / Atorvastatin
- 2.5mg / 10mg; 5mg / 10mg tablet

Antihyperlipidemics & Combinations

Atorvastatin / Fenofibrate
- 10mg / 160mg tablet

Rosuvastatin / Fenofibrate
- 10mg / 160mg tablet

Atorvastatin / Aspirin / Clopidogrel
- 20mg / 75mg / 75mg capsule

Calcium Antagonists & Angiotensin Receptors

Amlodipine / Losartan
- 5mg / 50mg tablet

Amlodipine / Telmisartan
- 5mg / 40mg; 5mg / 80mg; 10mg / 80mg tablet

Cilnidipine / Telmisartan
- 10mg / 40mg; 10mg / 80mg tablet

ACE Inhibitors & Diuretics

Lisinopril / Hydrochlorothiazide
- 10mg / 12.5mg; 20mg / 12.5mg tablet

Ramipril / Hydrochlorothiazide
- 2.5mg / 12.5mg; 5mg / 12.5mg; 10mg / 12.5mg tablet

Angiotensin Receptors & Combinations

Amlodipine / Telmisartan / Hydrochlorothiazide
- 5mg / 40mg / 12.5mg tablet

Amlodipine / Valsartan / Hydrochlorothiazide
- 5mg / 160mg / 12.5mg tablet

Angiotensin Receptors & Diuretics

Losartan / Hydrochlorothiazide
- 25mg / 12.5mg; 50mg / 12.5mg tablet

Sacubitril / Valsartan
- 24mg / 26mg; 49mg / 51mg; 97mg / 103mg tablet

Telmisartan / Hydrochlorothiazide
- 40mg / 12.5mg; 80mg / 12.5mg tablet

Telmisartan / Chlorthalidone
- 40mg / 6.25mg; 40mg / 12.5mg tablet

Anti Coagulant

Apixaban
- 2.5mg; 5mg tablet

Rivaroxaban
- 2.5mg; 10mg; 15mg tablet

Anti Platelet

Clopidogrel
- 75mg tablet

Corticosteroids

Glucocorticoids

Deflazacort
- 6mg; 12mg; 30mg tablet

Methylprednisolone
- 4mg; 8mg; 16mg tablet

Prednisolone
- 5mg; 10mg tablet
- 15mg per 5mL syrup

Diabetes Mellitus

Dapagliflozin
- 5mg; 10mg tablet

Dapagliflozin / Metformin
- 5mg / 500mg; 5mg / 1000mg; 10mg / 500mg;
10mg / 1000mg tablet

Linagliptin
- 2.5mg, 10mg tablet

Linagliptin / Metformin
- 2.5mg / 500mg; 2.5mg / 800mg; 2.5mg / 1000mg tablet

Glibenclamide
- 5mg tablet

Glibenclamide / Metformin
- 2.5mg / 500mg; 5mg / 500mg tablet

Gliclazide
- 40mg; 80mg tablet

Gliclazide / Metformin
- 80mg / 500mg tablet

Glimepiride
- 1mg; 2mg; 4mg tablet

Glimepiride / Metformin
- 1mg / 500mg; 2mg / 500mg tablet

Metformin
- 500mg; 850mg; 1000mg tablet
